Do You Ask God to Wash Your Face?

Futility of Prayers Where the Initiative and Responsibilty is Ours

By C. Leon de Aryan

You must have heard of Mrs. Elizabeth Dilling of Chicago. If you have not read her books you have kept yourself willfully in ignorance on current history which moulds the USA, your life and mine. Her last bulletin ended with a prayer which evoked a protest in my heart.

"Lizz" Dilling, as Vulture Vinchell calls her, is a very affectionate name on our lips. The criminals hate her, but we love "Lizz", she's a sweetheart, when you love America first. And because of this affection we are not writing what we intended to at first. (She really got me mad.)

But Fred just wrote an essay about anger turning into love for adjustment of differences, and we published it, so, now, naturally, we have to obey Fred, seeing that he owns this paper, and we must set a good example that we obey our children when they speak the truth. So instead of calling dear Lizz a religious imbecile, and letting it go at that, we merely describe our anger and now use that emotion to bring out love, as Dr. Fred de Aryan ordered, the love of Truth, the love of the Highest Intelligence. So here goes.

In her June number Lizz had the following:

THE PRAYER of MOTHERS—IN ALL COUNTRIES

"Dear God, take care of this lad of mine,
May his hand be clasped securely in Thine
And his hope and trust in Thee;

"He is so young and he means no harm
To carry a rifle under his arm
Where school books used to be.

"He is just 18, my pride and joy.
I think of him now as a shy little boy
Building his blocks on the cabin floor;

"Life is before him; God bless him I pray
And the others like him who are now in the fray
Too young for the horrors of war".

Sincerely, (Mrs.) ELIZABETH DILLING

My first impulse upon reading the above was sarcasm. What did you do with that boy of yours all these 18 years? **What did you teach him?** Did you teach him to **love God** ABOVE everything else in the world? To **obey God** ABOVE everybody else in the world? Did you teach him that God is HERE, Now, everpresent, all powerful, so that he and she who obeys HIM does the BEST possible under ALL circumstances, because God's is the HIGHEST Intelligence and His Love for all of us is such that in obeying HIM we execute the purpose for which HE placed us here and in such execution we do NOT come in conflict with one another's RIGHTS to Life and the Pursuit of Happiness!?

Did you teach him that in those 18 years?

Did you teach him that the president, the congress, all officials, take an oath in the NAME of God to execute their office in accordance with the FAITH all of us have in common, the good faith in INTEGRITY, **without reservations** for ulterior motives? Did you, then, teach your boy that **there is no conflict** in his obedience to God's WILL **above all other authorities** and obedience to the laws of the state and country? The conflict arises ONLY **when the office holders BREAK FAITH** and place themselves above God in issuing orders and making laws contrary to their own oath of office. Did you teach your boy to courageously name the traitors and point out to them that THEY must keep the contract and covenant of their public office and that your boy is **patriotic ONLY in the measure that he OBEYS God First?**

If you mothers don't love God with ALL your heart and teach your boys by example to OBEY HIM FIRST, with what right do you come now before God to petition HIM to take care of your lad so he won't have to carry a rifle where his school books should be?

Have you done your part? Have you insisted that he receive a scientific religious education? Did you give it to him? Did you teach him the PRESENCE of God? Did you teach him that religion is the doctrine of the TRUTH in spiritiual, ethical and mental conduct? Did you teach him that there is ONLY ONE truth, God's truth: **the truth that God rules supreme** and no combination of creatures can over-rule HIM even though all of them conspired together and armed themselves with all the latest scientific murder and terror machines?

Did you teach him that religion is SCIENCE, the knowledge of the TRUTH and that therefore religion enlightens reason? Did you teach him that there can be no conflict between material, exact science and religion, if BOTH of them reflect the TRUTH, because the source of ALL truth is God? And that truth RULES in everything, it being the Highest Intelligence as well as the ACTUAL power that motivates the whole of all universes?

Dear Lizz: I also have boys, but my boys were not taught to wait for the Lord to take the rifle away from under their arms, my boys put no rifle under their arms, so that they and I can say another prayer instead, a prayer of praise:

"Dear God, we thank Thee that we live in these USA where the Quakers and other courageous souls have dared pioneer and suffer hell and damnation for Thy Sake; that they paved the way by which we can legally and conscientiously object to being made tools of Satan; we pray for more Light and more Courage to set an even better example and show to the world THY power; we give Thee an accounting of our stewardship in life and ONLY to THEE and no man in official robes can mislead us to be untrue to THEE who art the SOURCE of our lives! Amen!"

THE ONLY CHARTER TO PEACE

There is too much emphasis laid on differences and on hate, not enough emphasis on positive principles of LIFE. All the efforts of maintaining so-called peace by more terroristic methods and more conscription to that end, is merely exhausting the resources of the human mind that sets itself up AGAINST God's Intelligence, which is the highest Intelligence.

It is the business and the duty of parents to first acquaint themselves with the TRUTH of Life, as well as the facts of life, BEFORE and after they produce children so that the children may receive the benefit of the parent's knowledge and experience and upon that foundation **improve the race.**

All races depend upon God for their lives. Therefore, cultivating Obedience to fundamental truth in all races is the ONLY insurance of harmony. Religion need not be sectarian if it is scientific and religion which is not scientific is not reflecting the TRUTH. Science which fails to reflect the truth also is not scientific. When religion and science meet in TRUTH then, and only then, is religion true and is science true.

The Bill of Rights insures in the USA this examination of the truth. On such free examination depends the peace of the individual and the peace of the world. Hence, each individual, in justice to himself and to the world, MUST examine the foundations of science and religion till we reach that accord wherein both agree and meet in the truth.

This, and this alone, is the foundation upon which people and races can come to an agreement that is FACTUAL, realistic as well as IDEAL. Nobody is fool enough, upon mature consideration, to want to do away with the laws in Nature. But few realize that **human nature** responds to the same laws, too. We have bodies that are subject to material application of every law: gravity, electricty, chemistry, etc. But we also are spiritual and mental beings, and EVERY thing in this universe is subject to RULE and LAW, even in the spiritual truths. Hence our first duty to ourselves, our children, the world, is to study this **ultimate RULE** and comply with it. THEN, all races can live in peace and collaboration on the basis of the PURPOSE which the Creator had in mind for the production of varieties in races and individuals.

Poison Gas 'Inhumane' Yanks Burn Them Alive

WASHINGTON, D. C.,— Why haven't we used poison gas against the Japanese? There are several reasons, although there are no treaty restrictions against its use in that war theater.

Theoretically, the use of noxious or blistering fumes would seem to be an ideal tactical weapon to drive the enemy out of the concrete-and-steel fortifications encountered on island outposts.

This would seem to be especially true since we have developed methods of spraying gases from airplanes with a minimum of exposure to our own fighters.

But there are these considerations:

President Roosevelt has thrice said he would employ gas only as a retaliatory measure if the enemy himself started using it. Our whole philosophy on the matter is that gas warfare is "inhumane", and that we as a civilized nation, would not take the first step.

War Criminals Face Sentences of Death

LONDON,—War criminals to be tried in zones occupied by the British army will face possible penalties of death, imprisonment, confiscation of property or fines.

A special army order, announcing this said, the military trials would start soon but would not hear major war criminals, who are to be dealt with by Allied action.

British commanders will convene courts for the trial of those accused of murder or ill-treatment of prisoners of war or of inhabitants of occupied countries.

Before Gerald L. K. Smith spoke in Los Angeles on June 25, the leading Rabbi and a committee of pro-Communist preachers tried to persuade the Los Angeles branch of the American Federation of Labor to take a stand against Smith and his meeting. Smith was invited to appear before the Union leaders, who voted almost unanimously to not interfere with Smith's America First Rally.

Dear Friend:
Please find $5.00 enclosed for your work.

The Kingdom of God First

I listened to Gerald L. K. Smith on June 25, 1945 in the Philharmonic Auditorium in Los Angeles, say that FIRST America must win victory over the Japs. That sounded very odd to me, coming from an avowed preacher and alleged disciple of Alexander Campbell, of Virginia. I had imagined that the "Disciples of Christ", as the Campbellites dub themselves, have one duty FIRST, to seek the Kingdom of Heaven and its Righteousness, and, then, all these mundane affairs are resolved automatically, but, perchance, Gerald Smuth supersedes Jesus Christ among the modern Campbellites and became a Camelite. I am referring to the story of the camel who stuck first his head in the tent and slowly took possession of it. Evidently the Camelites, then, place victory over Japan first and follow up by taking the Kingdom of Heaven by force, too.

This is the doctrine of rabble rousers and Gerald Smith is their chief exponent after the B'nai B'rith and the Commmunists, hence their rivalry for control of the moronic masses.

No, my friends, Christ teaches that we must seek the Kingdom of Heaven FIRST, not to lord over the Japs and Nazis FIRST and burn them alive, or starve alive as Morgenthau advises, or keep them in slave labor camps minus industry, or have them raped by Negro soldiers as the French do.

The Kingdom of Heaven is the State of God in opposition to the State of Violence which Brother Smith adheres to. When we raise up our right hand to pledge allegiance in the Name of God, closing our pledge with "so help me God!" we pledge allegiance to God FIRST. The State in which God rules is the State of Righteousness, not where Might is Right.

In this State it does not make you a hero to burn Japs alive and have Senegalese Negroes not only rape, but rip their German girl victims. That is the difference between Gerald Smith, with Morgenthau and the B'nai B'rith on one hand, and Christ on the other.

God dwells in Heaven and Heaven is the State of Bliss whence all blessings flow. All murderers might feel their oats for awhile and sow their crimes, but after soaring and ignoring the Rule of God, Gravity gets them all, they are subject to fundamental Law. They all return to the clay which they misused in rebellion against God. They are the seditionists who claim, like rabble rouser Stettinius, that they can bring eternal Peace on Earth by a San Francico charter and conscription of the youth of all countries to murder one another.

Great is their fall from the heights of Babel's Tower and what they did to the Japs they burned, is their lot on the Day of Judgment.

On June 18, U. S. Senator Tydings of Maryland devoted a lengthy address to exposing the columnist Drew Pearson. It can be found on page 6322 of the Congressional Record. Among many other things, the Senator said concerning Pearson: "This man has engaged, to my personal knowledge, in the gentle art of blackmail, without any success. He has been guilty of attempting to buy public influence. I have the affidavits and the checks in my possession to substantiate what I am saying. He has been affiliated with one of the great gambling rackets of America, according to one who worked for him and was in the know, who, likewise voluntarily made a statement. He kept a safe-deposit box containing thousands of dollars of this money, and it was only after the Internal Revenue Department got on his trail that he sent his confederate to New York and told him to lie low, according to his sworn statement, until it all blew over. That is the man who is attempting to keep the American people advised of what is going on in the bathrooms of the Capital and other places." Pearson is an intimate friend of Walter Winchell.

England is sure to go Communist, according to the information brought back by visiting U. S. Congressmen. Churchill will win the election, but it is the last election that capitalism will win in England. "The Jews are in control of England" was stated as a summary of the situation. It is expected that even the election in England will be close.

Hitler offered to surrender in September, 1944, to the U. S. and Britain. But that would have thwarted Russia's aim of the war: the conquest of Europe by Communism. Japan has also offered to surrender, but that would thwart Russia's major desire of the war in Asia: the conquest of the Orient by Communism.

The Secret of 'Poland' Bared

Why did England and the USA go to war against Hitler to "safeguard" Poland but did not go to war against Stalin for the same reason?

Why did England and the USA recognize the Communist "government" of Poland as against the government in exile which commands the Polish army?

The answer is so simple nobody wants to see it.

Anti-Semitism!

At the time that Fr. Coughlin was being "disciplined" in the USA by losing the second class mailing privilege of his publication and being ordered off the air waves by his bishop, when the Jews had donated a quarter of a million dollars to the Pope and another to the Federated Council of "Christian (?)" churches or of "Christ (?)" which followed the time honored experience of the erstwhile Judas of Ishcariot, the war against the Nazis was yet in the making. The greatest fear of the war makers was that the USA might not "make" that war, hence Coughlin was silenced, hence Lindbergh was muzzled after he announced that the Jews were party to the war making.

At that time THE BROOM had given the play by play inside information of how Hitler was pushed into the war by the Jews themselves. That, of course, marked us as a man who knew too much. Hence our final arrest and indictment.

Well, now the Jews are bragging in their Anglo-Jewish papers that THEY made the war and **they prove it, step by step,** by citing how the **Jewish Boycott** created the proper pressure which resulted in war.

Since they brag about it, now, evidently, it is no longer "seditious" to tell the whole of the story and that explains what's going on in Poland, in London and the White House today.

As we stated at the time, a slush fund of billions was provided to undersell Germany in her own markets. The slush fund operated in Austria which exported goods into Germany and sold them below the market price. The German industrialists then forced Hitler to take over Austria. The slush fund moved its operations into Bohemia, Hitler marched into Czecho-Slovakia. England did not want to go to war for the Jewish slush fund boycott, hence Munich.

The slush fund transferred its operations to Poland. Hitler had to invade it to stop the underselling, and, knowing the political implications, made an alliance with Stalin.

Stalin has no use for the Jews, as Clare Luce has shown that he killed at least one million Jews. He never gave them asylum from Germany when the poor Jews were being drowned in the Aegean Sea in bad vessels while England refused them entrance into Palestine. But Stalin wanted Poland and the Baltic states.

Poland had the largest Jewish population in Europe in one bunch. When Hitler and Stalin invaded Poland the Jewish pressure on England threw that nation into war, but NOT against Stalin. Why?

Stalin has never exterminated the Jews for being Jewish. He exterminates them for being **religious and anti-social.** Whenever Jews don't yield to the Communist ideology, but persist in being capitalist, individualist and orthodox religious to the extent of placing their religion ABOVE Stalin, they were deported, killed, enslaved in labor camps and hunger-murdered by inches. But never for being Jews, only for being "anti-social" and the Stalin brand of Socialism is the yardstick.

Stalin does not mind the Jews, they are of his racial stock, Mongolian Ashkenazim. But he minds when they become individualistic, capitalistic, and especially when that attitude is backed by religious zeal. As long as they remain on the level of the collective herd-mind, they fit in the scheme of Soviet rule. But the Polish government in exile was not part-Mongol, hence they were and are "anti-Semitic" from the Ashkenazim point of view.

The Polish Jews are Tartars not white people. The question of race was decided by the Poles as sufficient to disenfranchise the Jew from social equality, as happens wherever white men become conscious of this race difference.

Hence, the Polish government in exile is not acceptable to the Jews who planned and engineered this world war via the boycott and this boycott is extended to control Poland through a Communistic "government". The same thing is true of the Baltic states. Had the Poles in London submitted to a Jewish dictation they would rule Poland today .

Churchill cried twice during his interview with a group of visiting U. S. Senators. He knows that he has destroyed the British Empire unless the U. S. stays in Europe. He was virtually on his knees begging us to keep our Army there. As soon as the U. S. Army leaves Europe the doom of the British Empire is sealed. Churchill had hoped that Germany and Russia would bleed each other white, as in the last war, but it didn't work out that way. Churchill favors immediate war on Russia. High British and American army afficials are all talking in favor of immediate war on Russia. "There is such a thing as punishing a nation too much," said Churchill, commenting on the frightful devastation in Germany. (Knowledge of such war talk in high places is what is inducing Russia to tone down its arrogance slightly in the last few days. The improvement is purely temporary.)

U. S. Prosecution of Biddle Asked In Sedition Case

WASHINGTON, D. C.,—Prosecution of former Atty. Gen Biddle, Samuel I. Rosenman, White House counsel and ghost writer to Franklin D. Roosevelt, O. John Rogge, special assistant attorney general, and William Power Maloney, for interference with the civil rights of defendants in the sedition case was demanded by James J. Laughlin, former defense attorney in the case.

In a letter to Tom C. Clark as he took the oath of office to succeed Biddle, Laughlin told the new attorney general that the defendants had been prosecuted, hounded, and oppressed for the last four years because they saw fit to exercise the right of free speech.

PRESSURE IS HINTED

"It may well be that the attorney generals who have preceded you since the advent of the New Deal into power have been mere figureheads and were required to do the bidding of the late President Roosevelt, Judge Rosenman, and Supreme Court Justice Frankfurter", Laughlin said. "However, I feel that is all changed now and that you will administer the law fairly, justly, and impartially."

Laughlin said an investigation by the department of justice will show that Rosenman, Biddle, Rogge, and Maloney conspired against the sedition trial defendants by invading "their homes and places of business without a search warrant & without authority of law & stole papers and documents from the defendants, & after stealing the papers and documents forged and altered the testimony before various grand juries." He also charged the officials conspired to produce false testimony in court by various witnesses.

ASKS PROBE OF OWN CASE

Laughlin also asked the new attorney general to investigate the conduct of Biddle, Rosenman, James V. Bennett, director of the bureau of prisons, and Joseph W. Sanford, warden of the Atlanta federal penitentiary, in connection with the charges of impeding justice, brought against Laughlin in Baltimore last year. Laughlin was speedily acquitted by a jury.

In his letter, Laughlin charged that the action was brought against him for his part in the sedition trial. He said investigation will prove that convicts were offered various inducements to testify against him and that many were induced to give false testimony.

Edward G. Robinson, the movie star, led a campaign to prevent Gerald L. K. Smith from speaking in the Philharmonic Auditorium in Los Angeles the night of June 25. So many threats were made by certain Jews on the management of the building that it was necessary to take out insurance policy for $250,000 before going on with the meeting.

They Want to Destroy the White Race

My Dear Mr. de Aryan:

Some time ago I sent you a copy of my book, THE LOST WHITE RACE, and also subscribed to your very essential paper. From your writings I gather that you are head and shoulders above the common run of humanity. You see right through the schemes of communist conspirators, and beyond that the fate of those who would enslave us. You sense that the tide is rapidly turning, and that those minority groups which are striving to get control here in the United States are in for an awful whamming. They refuse to take warning that the "great majority" are waking up, and beginning to take note of what is going on. Where IS THE MAN who can warn them to take for the tall timber.. before it is TOO LATE?

We have let them hold their meetings and demonstrations...without bothering them at all, and just look how they butted into the CHRISTIAN meeting of Gerald Smith which you attended. It was absolutely outrageous! They showed their hands. It is now up to us to uncover their diabolical motives. They want the white race destroyed! They want an all-colored world....as if that would make for peace, when the Japanese fight the Chinese, and many a white man fights his own brother. Color has nothing to do with peace! If it did we would never have had a Civil War, nor would we have ever fought our own in Germany!

These communists have now brought affairs to the point where COUNTRY means nothing, and we have to look to RACE. They have argued their heads off that one RACE is as intelligent as another, and as progressive... but have you noticed that they have purposely shied away from the subject of BEAUTY? Ah, there we have them! Read my book, THE LOST WHITE RACE, and find out why the communists are licked before they start. Your two sons, Fred and David, are perfect specimens of human masculine beauty. God planned that for you. You could not have produced THEM except for your ancestors. Please publish this letter and put my name to it.

Your fighting Nordic,
IRA CALVIN WHITE

U. S. Orders Bus Company Doomed in Labor Dispute

WASHINGTON, D. C.,—The office of defense transportation virtually ordered Wentworth Bus Lines, Inc., of Dover, N. H., out of business on the ground that it failed to comply with a war labor board order in a union dispute.

At the direction of the office of economic stabilization, ODT ordered the line's certificate of war necessity canceled. Commercial motor vehicle operators are required to have such a certificate to do business or obtain gasoline allowances.

ODT said it was the first action of its kind.

Informed observers believe that the Japanese war will be over in 90 days or the war will be of a very long duration. If Japan chooses to fight it out to the end, production experts are planning on at least two years more of war.

STIFLED VOICES

PEORIA, Ill.,—Miss Nellie I. Mills has had her teaching contract terminated by the East Chicago, Ind., school board for having the courage to voice her honest convictions about our late President. Having been a teacher just preceding and following our entry into the war, I know that the anti-war minority of which I was a member stood insult after insult until endurance was at times at the breaking point, rather than risk the displeasure of superiors and possible dismissal by voicing our opinions. We didn't dare lift our voices even in the cloak rooms.

If East Chicago's school is like the one to whose faculty I belonged, Miss Mills has had to hear propaganda speeches made to other teachers, pupils, and administrators in classrooms and out, and has seen the idea fostered and nurtured that "the king (President) can do no wrong," until she has been sick at heart. I know I was.

My one great regret and feeling of guilt regarding this terrible war is that I had a voice and didn't use it. We have a great responsibility in trying to prevent one-sided propaganda from creeping into our school systems. It has been there, and decidedly, for the last 12 years, and it has been government sponsored.

A TEACHER

RECOGNIZES THE SYMPTOMS

GERMANY, June 14,— I see in THE TRIBUNE of May 18 an account of an East Chicago teacher in danger of losing her job for saying something against the late President Roosevelt. When I hear of things like that happening in the United States I wonder what we are doing over here telling these people how to live. That is what we are fighting for—so people can do and say what they please. Such bans on free speech were enforced here by the SS and Gestapo when there was any criticism of Hitler. The Lord help us when such things get started in the United States. Since I have been overseas I have become a firm believer in a verse in the Bible that goes something like this: "Devour not your enemies, lest you become as they."

Foundation of Individual Sovereignity

This article is worth all the money in the world, and more. It contains the quintessence of all holy scriptures and scientific data. If you catch on you have started on your way to Freedom and Selfdetermination.

All existence is twofold: Subjective and objective.

While you are here in this physical world you cannot think, feel, talk, do anything without setting into activity corresponding organs & cells in this physical body. No substance to reflect the WILL in the physical cell-make-up, no **exercise of expression.** Thus when undernourished you cannot even think right.

Subjectively you know yourself as: I AM, and then you add, a woman, or a man, or a child, or old, young, healthy, happy, sick, poor, miserable. But the foundation of your subjective selfconsciousness remains: I AM.

Objectively, in the material world, the smallest UNIT is the ATOM. The name derives from the Greek; TEMNO, to cut, hence, uncutable. You cannot halve the Atom. If you cut it, it will not seperate into TWO but REMAINS one, releasing an infinite amount of force, whatever is necessary to remove the cutting power and reform itself as the original UNIT. This contains the secret of ALL physical power in the material manifestations of ATOM. It is futile to engage in speculations about the origin of power in the visible worlds, the answer is selfevident and can be had ONLY when you understand the **subjective side of Atom: I AM.**

The subjective UNIT which cannot be halved is the **divine consciousness: I AM.** This consciousness is the ETERNAL consciousness. I Am Now, Here.

Here: is where I am. Now: is WHEN I am.

I am! You cannot go beyond that, that's the beginning and the end of all consciousness. This IS divinity.

The entitity, or EGO, the Unit in consciousness, is the ATOM come to self-recognition. The awakened Atom is the awakened BEING. Know thy-Self.

Physically speaking, the EGO-ATOM resides in the heart. In your heart and mine there is ONE Atom, which is not a MERE physical Atom, but is THE EGO-ATOM, the child of God, and when fully awakened and active, is the Christ.

This Atom is even in the LEAST of all creatures, of all living beings, even in an insect. This Atom is the bearer of the I AM consciousness which is the basic consciousness of individual life.

Now,—since Atom is indestructible, because if you succeed in opening the Atom you cannot halve it but are met with a burst of power and flame that obliterates the cutting power and reforms the Atom to its original shape and position,—and since exactly such an Atom is the seat of the I AM consciousness in my heart and yours, and you and I ARE the individual BEING thus poised in the strategic location of the PACE maker, an electric spark in the heart which is the dynamo that sparks in regular rythm and regulates the heartbeat THEN,—you and I ARE indestructible. The ATOM in the heart might leave the body, but it carries with it the I-AM-I consciousness, the identity of the individual and in it are written all the quintessence of experiences and characteristics of the individual you and I, so that when again it takes hold of the sperm and the ovum, at conception, the new foetus forms itself to show the characteristics of that individual, regardless of additions from the parents. In the midst of the race and clan family, there is the SAME unmistakable INDIVIDUAL who had died previously by separation from the carcass that was returned to clay.

THIS is the foundation of Individual FREEDOM. This is the TRUTH that makes you free. Henceforth you know that you ARE immortal, physically, as well as spiritually, if we call the subjective the spiritual realm of LIFE.

Thus whenever enemies push and press me to force me to surrender my divine perogative as an individual of sovereign, free, will, they are met by a flash and outburst of new ingenuity that obliterates everyone of their repressive and intrusive actions and out of it rises a better and freer SPIRIT, a man who is captain of his soul. This is why THE BROOM continues, this is why all the murderers in the world cannot subdue the free spirit of this individual.

CHATS WITH GLADYS

"Honi Soit Qui Mal Y Pense"

THE TRUTH SHALL MAKE YOU FREE

(Conclusion)

"Then who made the world?"

"We made it, you and I and all who live in this world, from the smallest amoeba and insect to the biggest mammal and genius in human shape. We are the creators of our own lives and surroundings. We built this planet from scratch. We are God's offspring with all the power of Creators, but we are free to chose our own ways and our mistakes have produced havoc, not God. God is OUR Father, our Parent, our Sire. We are of His essence with perfect liberty. This liberty gives us all the leeway to do right and to find out the wrong by suffering the consequences. At present most entities prefer to learn by suffering rather than by THOUGHT. Hence this chaos and bloody condition."

"Kosti, this view is revolutionary. Some will say you place yourself on a par with God".

"Darling, never be scared to confess God as our Father and once you do that does it not follow that as the Sire so the offspring?"

"But you say that even insects are children of God."

"Yes, Gladys, all conscious animated entities are God's offspring in the process of evolution to reach the status of humanity and of angelic hosts in creation. That's what makes this universe so marvelous. There is where we can help each other. The older helps the younger. That's what makes motherlove so enchanting, too. Love produced the universe and all there is in it, therefore Love makes it so that you can give love to those who need it, their need is your opportunity and that makes you happy to be of service. Hence who is greatest among you shall be your servant, not your tyrant, not your Commander in Chief in mass murder, but the leader in divine humility, obedience and service."

"Kosti, I wish you would give me the fundamental difference between the animal kingdom and the vegetable realms. Some people claim that vegetables are as much alive as animals."

"Darling, where there is a conscious entitity, the divine atom, **I AM** consciousness, there we have animated life. All the rest is merely reflex, no entity, no seed of God consciousness, hence vegetables are natural pictures, like a picture you paint, apart from yourself. Thus there is no killing of vegetables."

"But Kosti," argued Gladys, "have the plants not growth and reproduction? Is that not life?"

"No dear, it is no more LIFE than the moving-talkie picture which even can be made to appear tri-dimensional if you put on those red and green glasses. To a savage person, who never saw movies and talkies, it might appear as if the actors were alive, especially in the color-pictures, but we know there are no actual entities before us, merely their reflexions. Still complete action unwinds itself as the film unrolls. In this fashion, also, the reflexes of the PLANT creators unfold themselves in plants, but you know it takes insects to pollinate them for reproduction. It also takes insects and jellyfishes, of very minute sizes, to keep up the growth within the plants and color them as the sun strikes them. All this is preparing the materials for animal and human organization, THEN is when the human or animal ENTITY, the EGO, the I AM, the YOU, incarnates. Animals and humans have individual lives because of the presence of the divine ATOM in each, but no such divine entity resides in plants, they are only reflexes, marvelous products of natural forces, like the moving pictures projected upon the screen with sound and colors, with actions and music, even more perfect than what man could do artificially."

"That's why it is alright to eat plants but criminal to eat animals?"

"Yes. Once the divine ATOM incarnates then the material belongs to HIM, be it even insect, worm, animal or man. Anyone who robs the ATOM of HIS material is like the fellow who tears down his neighbor's house to take the material to build one of his own. He should go to the original factory for his material and the plant is the factory for the materials needed for the divine ATOM to build a temple not made by hands".

"But because people break this LAW of no violence and no killing, that's what is bringing on sufferings on them, too, and violence resultant in wars and disasters?"

"Yes, Gladys. God is no murderer, HE does not egg people to kill each other as the criminal Hebrews claim in their diabolic Talmuds and in the rest of their criminal, unholy literature where **they paint God as the instigator of the most sadistic outrages they preferred to indulge in their savage lust for power over other living creatures,** as their Kosher butchery attests their lust for blood. That's why Jesus denounces them in John 8:44. But as long as people follow the Jewish Bible, in place of Jesus Christ, they naturally consider Jesus an unpractical dreamer and in consequence they worship murder in place of God, with all the ensuing blood feuds which are making this world a shambles".

S. F. Treaty Tinder Box of War

WASHINGTON,—The United Nations treaty was denounced as a breeder of wars by a parade of witnesses before the Senate foreign relations committee.

The third day of public hearings was consumed mostly by treaty opponents, who branded it as a military alliance of the major Allied powers and a potential tinder box of war.

They contended that it was being **"railroaded"** through the Senate.

One of the opposition witnesses was Ely Culbertson, the bridge expert, who stated that the proposed United Nations organization would be **"ineffective."**

Culbertson said the essentials of an effective world organization were worldwide limitation of heavy armament, and adequate armed forces, separate from the armed forces of member states and an international authority that could act against the big powers as well as the small nations to prevent aggression.

"If the Senate adopts the charter as it stands," he said, "we will fritter away in innumerable conferences and in vain hopes America's most precious commodity—time. Time is no longer our ally." He described the general assembly of the proposed new organization as "an assembly of mice presided over by a few cats."

Frederick J. Libby, executive secretary of the National Council for Prevention of War, declared the **"the present charter seems to me to be an attempt to combine a military alliance of the three rival imperialist powers and an international organization that claims to be on the basis of the sovereign equality of the member states. "**

'UNIVERSAL POWER'

Libby declared that war with Russia "must never come, because it would be the end of our way of life.

"Now it is the Soviet Union that has acquired unrivaled power on the European continent by occupying the vacuum which our airplanes have created in the heart of Europe."

The first witness was Mrs. Agnes Waters, who said she represented the National Blue Star Mothers of America. Mrs. Waters charged that the charter was an **"international conspiracy"** against the United States Government.

She also severely criticized the committee and former Secretary of State Edward Stettinius until she was **"escorted"** from her chair by Senate officers for exceeding the time allotted her.

Senator Connally drowned out Mrs. Waters' final outburst by prolonged poundings of his gavel, telling her as laughter filled the Senate caucus room: **"I can make as much noise as you can".**

"This is a republic," shouted Mrs. Waters, "and by God, we'll keep it so. The real war criminals are sitting in this room. I name Mr. Stettinius, a banker and a steel magnate."

Two committee attendants, one a Capitol policeman, took the witness by the arm when she refused to stop talking after Connally had allowed her first five minutes, then an additional five minutes more.

"Get your hands off me," she shouted, shaking herself loose.

'NEED REVOLUTION'

With the officers at her side she finally returned to her seat in the spectators section with this final retort to the committee:

"What we need is a good, oldfashioned American revolution."

The Rev. J. Paul Cotton, Cleveland, representing the World Peace Forum, denounced the treaty as **"a military alliance based on spheres of influence and not on justice and genuine law."**

The same charge was made by Mrs. Grace Keefe, Chicago, speaking for the Women's league for Political Education.

Mrs. Cecil Norton Broy, Arlington, Va., president of America United, Inc., said that the treaty would drag the United States **"down to the level of hate-infested Europe".** She said she was the widow of a State Department career official.

Wants to Sue Lipschitz-Winchell

Federal Communications Commission
Attention: Law Department, Washington, D. C.

Gentlemen:

Walter Winchell, according to my best hearing and recollection, made the following statement on Sunday, July 1, 1945, between 9 and 9:15 P. M. over Radio Station WJZ:

"The remainder of the German-American Bund has started to become active again under the name of the German-American Republican League, whose president is a Kurt Mertig, . . . who is aided and abetted by one Ernest F. Elmhurst, alias Fleischkopf, who is under indictment in Washington, charged with sedition. . . . . .You fools!"—

I have requested in writing and then by personal call upon WJZ, 30 Rockefeller Plaza, New York City, a transcript of above broadcast, but could not get it.

I have personally asked the sponsor's radio broadcast agents, Lennen & Mitchell, 17 E. 45th St., New York City, to furnish me a transcript, but was refused same.

Will you please see to it that I am furnished a transcript, as I want to turn same over to my lawyer for whatever action he might deem necessary to protect my interests.

Thanking you in advance for your courtesy, I beg to remain, very sincerely yours,

KURT MERTIG, Acting Chairman, German-American Republican League.

Killing the 'Cold' Germs

Dear Kosti:

Some months ago you published a grapefruit remedy for colds, which consisted in part, of boiling or steeping the rind. It seemed to be an attempt to elude the result without getting at the cause. So I have herein attempted to outline my version of this remedy and the true cause and cure for colds and/or all diseases.

If the rind of the grapefruit is boiled the quinine poisoning is liberated from it's organic form. When taken into the body as a remedy for a cold, the quinine poisoning is detrimental to the cold germs and to us; and we, being of greater endurance than the cold germs, survive what the germs cannot and we are relieved of a cold. But what caused the cold germs to be be there; and what difference does it make whether we purchase our quinine at a drug store or make it ourselves?

When the fruit acids, and especially of citrus fruits, since they are high in fruit acids, are taken into the stomach, they turn to sugar. A lemon will even turn sweet in the mouth if fondled there for a while. To show by experiment, in an attempt to analyze the burning process on these foods (which is, by the way, similar to the burning and the using of the food energy within our bodies), place a lemon in the oven. Taste it periodically as the temperature rises to observe that at a certain temperature it turns sweet and as the temperature goes up it turns bitter, never to turn sour or sweet again. The organic plant life structure within has become broken down and will not go back except through plant life. Likewise when fruit acids, broken down by cooking, are taken into our systems they do not turn to sugar, but rather remain there as acid, and even form ether gases in conjunction with the digestive juices of our systems if these acids are not promptly eliminated. Cooked fruit is a first class cause of acidosis.

It seems as if men are in an endless search for something external which will cure all internal ailments; an endless search for a fountain of youth. Christ taught that the Kingdom of Heaven is within us, and so is the Kingdom of Health. To search elsewhere is futile. We labor in vain when we try to find a medicine or any other magic food that will only take the rebuff for our sins against nature. We fell down within and only through renewed moral stamina within, will we be moved to do again that which we know is right.

It is only when we violate nature's laws by man-handling our foods and by consuming meats, butter, eggs, milk, cheeses and foods never intended for man, that the accumulations of waste and filth within our bodies reaches such a state that this filth can easily become infected with germs, just as magots live on decaying animals. When the filth and waste mucus within reaches such a point that these tiny magots can live in it, they generally do, causing the waste matter to swell and be eliminated; note the elimination that generally takes place during a cold.

We are inflicted with different kinds of diseases because different kinds of germ magots in habit different kinds of filth. Disease is nature's way of eating up piles of filth and causing us to expell the waste. It is a blessing not a curse; and the pain we are forced to go through is part of the price we pay for violating nature's laws. It makes no difference to nature whether you accept her truth or not. What we sow we reap, and as we violate so we pay the price until we are convinced that there is a perfect balance in these laws of cause and effect and we humbly submit to the truth.

1,700 Strikers Paralyze 14 New York Newspapers

Example of Unions' Excessive Power, Which Must Be Curbed, If Our Republic Is To Endure

NEW YORK (Special), July 8,—For the first time in its history, New York has gone for eight days without the customary delivery of its newspapers to the newsstands. Unlike other cities, New York has no home delivery, but buys its papers from newsstands.

This strike of 1,700 members of the "Newspaper and Mail Deliverers' Union"—an independent organization with members working for eleven newspapers composing the New York Publishers Association—caught the city somewhat by surprise, as the War Labor Board at Washington had forbidden the strike.

Although the contract did not expire until Saturday, midnight, June 30, the mail and delivery truck drivers began to phone in around 6 P. M. that they were "sick" and could not work. The papers made no effort to obtain substitute drivers to finish the delivery of the Sunday papers, and the 16,000 newsstands were left with the comics and magazine sections previously delivered. Some of these were sold at full prices.

Citizens went personally to the newspaper plants to buy their papers. The Daily News sold out on July 1st over 300,000 copies in this way, out of a normal Sunday circulation of some three or four million copies. Other Sunday papers ranged from 10 to 20 per cent of their normal sales Sunday and daily.

Last night there was a line-up, four abreast, seventeeen (17) blocks long, to buy the early edition of the Sunday News. Long lines were at every other Sunday paper plant.

All afternoon papers published in abbreviated form, but the N. Y. "Post" suspended for the duration of the strike. It is supposedly a pro-labor sheet; but it kept its editorial and mechanical staff going through the motions of getting out editions, except for the stereotyping and printing.

WAS IT A "RED" HAND?

The delivery truck drivers composing this independent union are a tough bunch, heavily infiltrated with communist ideologies.

The communist "Daily Worker" and Field's left-wing socialist "PM" were not affected. Their drivers were not members of the striking union, and, with Wm. Griffin's Sunday "Enquirer", were the only English language dailies on the stands. The left-wing Jewish papers, "Forward", "Morning Journal", "Freiheit", and "The Day" were also delivered.

"PM" greatly increased its deliveries to the stands, and being the only paper available to English readers, increased its circulation, but not as much as it had hoped. **"PM" is not much for news, but is strong on propaganda.**

There was apparently no increase for the "Worker".

The striking drivers picketed every newspaper plant affected. They were guilty of occasional violence, as when a boy bought six or a dozen copies for his boss a picket tore them up and threw them on the ground.

The publishers seemed in fear of their strikers; no attempt was made to take the out-of-town mail to the post office, although this would have been a good way to hit the strikers. (President Cleveland used troops to escort the mails in a great strike in Chicago).

The drivers get $49.65 a week, plus heavy overtime, which the publishers wish to avoid by putting on additional help. The companies offered to meet nearly every demand: 10 days vacations with pay; 6 holidays, with pay; but wished to leave with the War Labor Board the union's proposal for a welfare fund. On this latter difference the union struck, seriously inconveniencing 13 million readers and America's greatest city.

Companies should have the power to "break" an unjust strike, by putting on other workers (non-union).

The devastation in Germany passes comprehension. Every city of any size is from 75 per cent to 100 percent destroyed. 50,000 people now live in Cologne compared to 800,000 previously. The famous cathedral, said to have been spared, is actually just a shell. Hundreds of thousands of people, including women and children, were killed in every large German city by these bombings. One rides through miles and miles of ruins, with the stench of dead bodies on a warm day still almost unbearable. "It was so horrible I couldn't sleep nights", said one U. S. Senator.

Arrogant and egotistic as de Gaulle is, he is the only person who stands between France and Communism today. At heart he is not communistic, though he is compelled to bow some before the wind. His emphasis on the glory of France is an attempt to stir the nationalistic soul of France. De Gaulle is Churchill's man in France. He is carrying out Churchill's orders as best he can. At that, he has promised to nationalize (new word for socialize) several of the major industries of France.

"Hard-Faced" Is Out... Negro Papers Favor Inter-Marriage

By WASHINGTON ADAMS

WASHINGTON (Special), July 8,— "Morgenthau resigned 'in a huff'." This is the best news of the past week, according to the critics of "Hard-faced Henry", whose interference with other departments, especially the State and foreign affairs, had added to his unpopularity.

"He was the least popular man in the cabinet," said a great radio commentator.

Vinson, the new Treasury head, is said to be a much better business man than the hard-faced "apple-grower", and should be a better and more popular cabinet member.

COLORED PRESS ROARS

The great colored weeklies, "Chicago Defender", Baltimore "Afro-American", "Pittsburgh Courier", Norfolk "Journal and Guide" and the N. Y. "Amsterdam News" turned purple with anger at the speeches of Senators Bilbo and Eastland of Mississippi against the infamous FEPC proposal.

Each paper put screamer headlines on their "FEPC" stories, denouncing the Mississippi Statesman and all who dared to challenge the proposed law to COMPEL WHITE EMPLOYERS TO DISCRIMINATE AGAINST WHITE MEN IN EMPLOYMENT.

Senators Eastland's charge that the Negro race was intellectually "inferior" particularly upset the colored pen-pushers, while his statement that the colored soldiers, on the whole had made a poor showing in combat, drove them mad.

FOR RACIAL INTERMARRIAGE

Those who think the American Negro (especially of the North) is NOT intensely interested in the communistic proposal to break down all social and conjugal barriers and bring about the complete mongrelization of the American people, should read these colored journals.

They run nearly every week the story of some Negro-white marriage, which they claim has been a success.

"The Chicago Defender" of yesterday ran the front page a picture of an attractive brunet couple, Lt. and Mrs. Hampton Fields, with the heading: "TAN YANK BRINGS AUSTRALIAN BRIDE HOME TO FACE RACE PROBLEM".

The story relates that many American Negro soldiers in Australia have married white girls, despite warnings of white GI's that they would find trouble here in America.

"The Defender" also features a big "boost" for **Marion Kaemmerle**, the William and Mary graduate who favored racial intermarriage with Negroes. The article is by Earl Conrad, the Defender's New York Jewish writer. Miss Kaemmerle returns to New York in the fall, to work in Harlem.

The Afro-American, published as far south as Baltimore and Washington, gives a four- column spread to the story of the Zachariah Footes of Phialdelphia, displaying a picture of the white wife and tan husband, with the heading, **"Their 50 Years Together Prove Intermarriage Works."** The English woman (of the lower class) met her laborer husband, a dark-skinned Jamaican, in Yorkshire and married him there. They have three children, and live in a colored section of Philadelphia. These Britishers want 29 States to repeal their laws against interracial marriages.

"The Pittsburgh Courier" has a very able columnist in the person of the black George S. Schuyler, who, although his wife is white, is not a radical on the subject of race mixtures, "FEPC" or social equality.

The Courier is the bitterest of all papers in its attack on the Mississippi Senators, using foul and abusive language, with a big heading, **"The South Is In The Saddle".** It does not like the Truman cabinet changes.

The Courier of the 7th has a letter from a colored "GI" in Munich, Germany, to his wife in New York. Among other things, he writes:

"The girls all over Europe have fallen in love with the black soldier, and many of them have cried worse than any American girl ever did when the boys move from a town that they have lived in.

"I have known the girls to follow them from town to town as far as they could. And the boys have gone back to see them.

"Some have gone AWOL as far as 200 or 300 miles to visit them. SOME HAVE MARRIED THEM. Many have promised that they would be back after the war.

"A certain soldier's girl says she wants to marry him and live wherever he wants, even if it is in America. She likes to talk to me, and I have explained the whole racial problem to her, and she still says whatever he wants to do she is willing to do it with him.

"She is coming to Munich as soon as she and her mother can get a pass for the visit. She really does love him."

Frederick Kuh (Jewish foreign correspondent) sent a dispatch three years ago to his paper, Field's "Chicago Sun", relating how certain white American officers were arranging dances for colored soldiers with Irish girls in their training centers in Northern Ireland.

Before the year ends a movement will be made **in Congress for a Constitutional amendment,** outlawing all inter-racial marriages in America.

Eight South American countries not only forbid intermarriages between their people and Negroes, but have laws excluding Negroes from admission to their countries.

Rep. Luce Says Soviets Killed Million Jews

WASHINGTON,—The history of anti-Semitism during the Communist regime of Soviet Russia, included the liquidation of one million Russian Jews, has been placed before the House by Representative Luce (Democrat), Connecticut.

Charging the destruction of the Jews as a religious and cultural minority is the "**deliberate policy of the Communist party now governing Russia,**" Mrs. Luce said.

"Our Government and our press never feared to protest mis-treatment of the Jews by Czarist Russia and there should logically be even less reason to avoid protesting mis-treatment of the Jews by Soviet Russia.

"The source of anti-Semitism in Czarist Russia, as in Germany, was totalitarianism. The source of anti-Semitism in Soviet Russia is totalitarianism. Totalilarianism is synonymous with intolerance and intolerance destroys minorities."

50 PER CENT GONE

Tracing the tragic results on Russian Jewry of the Bolshevik revolution, Mrs. Luce asserted that by 1939 approximately 50 per cent of the Jews in Soviet Russia who before the revolution had engaged in trade or in professions **"had been physically exterminated."**

"Partially," she added, "this means extermination was direct and violent: partially, it was by the means made familiar to the whole world in German slave camps—the control of wages and of food to a point which prevented those marked for liquidation from obtaining enough fuel for their bodies."

Mrs. Luce referred to Gregory Aronson, distinguished Jewish writer, estimating the actual loss of Jewish lives in Soviet Russia through official violence **"at a round figure of not less than one million."**

JUDAISM BARRED

The cost of survival of Jews in Russia under Communism, she declared, included the abandonment of their moral principles, their religious beliefs and practices.

"It was forbidden to teach the tenets of Judaism to Jewish youth," said she. "Through the Communist policy of sequestration and confiscation, the Jewish communities in so-called Jewish towns and villages had been reduced to complete ruin."

Despite the yearning of the overwhelming majority of Jews in Russia and Kremlin-dominated nations of Europe to go to Palestine, there is a coordinated campaign being waged against Zionism by the Communists, Mrs. Luce asserted.

BULGARIA MOVE

She pointed to the resolution recently passed by the Communists in Bulgaria denouncing Zion-ism as "chauvinistic and bourgeois" and demanding the prohibition of Hebrew studies.

The same situation exists among the Jews of Romania, under its present Kremlin-dominated government on the basis of a Jewish telegraph agency dispatch reporting Dr. William Filberman, president of the Federation of Jewish Communities in Romania, was under arrest on charges of supporting Fascism, Mrs. Luce continued.

White Officers Instigated Rape of 5,000 German Girls

U. S. Senator Eastland said he was told the mass rape was **instigated by French** officers in the grip of frenzied hate against the conquerors of France.

To the Members of the United States Senate
79th Congress, Washington, D. C.

Gentlemen:

As an American citizen who lived long in Africa (and can therefore confirm the statements of physical scientists regarding the degenerate habits of French Algerian Negro troops and "elephant" size genital organs of the French Senegalese Colonial troops) I am filled with horror as I realize what intense physical and mental suffering—and what life long injury to body and soul—must have been inflicted upon those about five thousand unfortunate German girls (snatched from decent families) who for five days— after the French Army had taken the battered city of Stuttgart—were herded in the subways there as victims of an orgy of rape, perpetrated against them by such French Colonials garbed in American Lend-lease uniforms—and which was only called off by the French officers, when an American division of troops moved in the city to halt the mass rape!

Similar sufferings must have been undergone by French farm women raped by American Negro troops, making it necessary to disarm a good many of them, and which is one of reasons, why the conduct of the Negro soldier all over Europe was considered disgraceful to the flag of their country.

The deliberate censuring of such hell on earth by the OWI and the calmly and malicious blue penciling of such outrages by leading American newspapers and by prominent U. S. Army officials reveals without possibility of dispute that behind the scenes there exists some sinister controlling power which is not only indifferent to the purity of our race, but is anxious to diminish that purity as a step preliminary to the subjugation of our race by their own Oriental program of ultimate world conquest and political and financial domination by chicanery and strategy.

Possibly a clue to the identity of such a traitorous power, foisted into high places by its centuries-old talent for intrigue, can be found if we scrutinize the secret ownership of certain newspapers which deliberately are advocating mis-cegenation in our own country.

Is this evil thing to spread to the point where American girls will be similarly raped on American soil without any particular comment by American newspapers?

Is it to spread to the point where American citizens of our Southern States—our purely Anglo-American stock and our oldest and most ardent champions of American Independence—will so change their point of view that they will welcome the degradation against which their grandfathers felt compelled to organize the Klu Klux Klan?

In like manner, is this howl for so-called Fair Employment Practice inspired also in reality by a cunningly concealed desire to bring black and white folks, from their present status of mutually respectful amity into an enforced propinquity such as often leads to seduction and vice?

In the interest of American womanhood it is surely time that the under surface of this long suppressed subject of miscegenation should be thoroughly ventilated before the American people.

Respectfully submitted,

Rabbi Berger of Philadelphia made a speech in Los Angeles in May at which time he condemned Jewish Zionism. He said it was the duty of Jews in America to be Americans first. The Zionist Jews rose up in such force that it was necessary for Rabbi Berger to employ bodyguards with guns to protect himself from the Zionist Jews.
